

GMCKS Clothe the Tribal & Rural Women Project

Dear Friends

Atma Namaste! Master Choa would like the Pranic Healing Community all over India to reach out and clothe the tribal and poor rural women in our country. He scanned and said that there are around 60,000 or more women who need to be clothed and he has given us a deadline of 90 days. So when he returns to India this August 2006 we should be able to show him our dedication and motivation to do his work.

The target number for Karnataka is to clothe **10,000** or more of these women. Master Choa would like us to give each woman two sets of clothes and a pair of slippers. He has suggested gathering clothes from the Pranic Healers and their family. After this if we are still short of clothes he has budgeted Rs.300/- per woman. We are required to gather the donations for this extra amount.

We are looking forward to your support in this noble project.
In Service of GMCKS
Pranic Healing Foundation of Karnataka
